DOUBLE PULL-OUT CARD

SUPPLIES

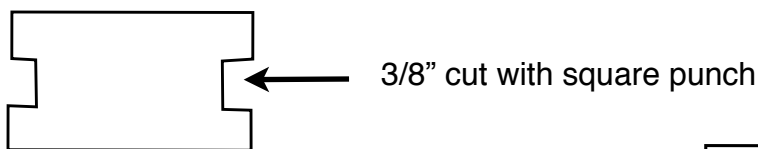

This card measurements fit into an A2 size envelope

1. Card base from card stock 4.75 X 7.5" and score 3.75"
2. 3 pieces of card stock 4.5 X 3.5"
3. 1 piece of card stock 4.5 X 2.75" (right pull-out)
4. 1 piece of card stock 4 X 2.75" (left pull-out)
5. Plastic grocery bag or clear cellophane bag: cut strip 8 X 1.25" (avoid creases and seams)
6. Printed paper: cut layers 1/4" smaller than the previous layer
7. Double-sided sticky tape
8. Scotch tape
9. Ribbon
10. Hole punch
11. Corner rounder (optional)
12. Pop Dots
13. 1- 3/8" Square Punch
14. 1-3/8" Circle Punch or half circle punch
15. 2.75" x 5/8" card stock for cap on pull out end.

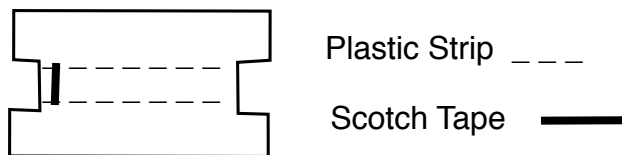

INSTRUCTIONS

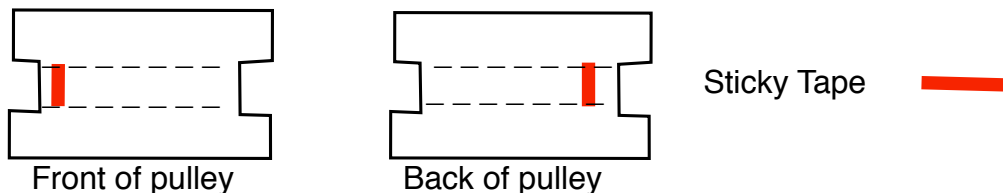

1. Using one 4.5 X 3.75" card and the square punch, center the punch and cut out a 3/8" deep piece on each end.

2. Center the plastic strip 8 X 1.25" around the center of the card stock. Tape ends together, slightly overlapping the plastic strip so the strip easily slides around the card, not too loose or tight.

3. Place a strip of double sided sticky tape across the end of the plastic strip, 1/4" in from the edge on each side.

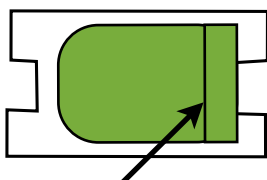

3. Take 4.5 X 3.5" and 4 X 2.75" pull-out cards and decorate. Round corners on one end of each card so that the rounded end of 4.5 X X 3.5" card is rounded on the right end and the 4.5 X 3.5" card is rounded on the left side. Punch a slit or hole in the larger pull-out card and tie ribbon to use as a pulley.

5. Decorate one 3.5 X 4.5 piece of card stock. This will be the front of the card.
6. Using Pop Dots or Foam Squares attach the front of the card and the remaining piece of card stock to the back of the pulley card. Attach with pop dots along the horizontal edge only. Make sure the pop dots do not touch the pull-out cards when adhering, otherwise the pulley will not function.
7. Attach pulley card to front of card base with double-sided sticky tape.
8. Decorate the inside of the base card and/or add a sentiment or note.
