

## Making a Wiper Card

Finished Card Size: 4-1/2" X 5-1/2"

### SUPPLIES

- Card stock, (Use 3 contrasting colors)
- Patterned Paper
- Black Ink
- Double-sided tape
- Sticky Tape
- Gel glaze or marker pens
- Stamps for sentiment and small stamp for Pop Up on Wiper to fit on 1" circle
- Optional Edge Punch
- Optional Butterfly stamp and optional Butterfly punch
- Optional Small gems

### CUTTING

- Cut 2 pieces of card stock 4-1/4" X 8-1/2" & score at 1-1/2" and 3"
- Cut wiper strip 1-1/2" X 3" and cut a 1" circle
- Score wiper strip diagonally. Starting from top right corner, score diagonally down to left 1-1/2" (Figure 3.)
- Cut 2 panels card stock 4 X 1-1/2" and 4 X 1-1/4"
- Cut 2 panels of contrasting print paper 3-3/4" X 1"
- Cut card stock 5-1/4" X 4" (for layering) & 3-3/4 X 2-3/4" (for stamping)
- Cut patterned paper 5 X 3-1/4"
- Cut yellow card stock 4-1/4" X 3-1/4" and 1-1/2 X 1-1/4" (for wiper)
- Cut black card stock 4 X 3"
- Cut a 2 X 2 square of vanilla card stock for stamping butterfly (use punch or scissors to cut out butterfly)

## ASSEMBLY

- Fold score marks on card: From left, fold first score line up and to the right. Second score mark fold back (under) to the right. Will look like an accordion fold. Fold second card exactly the same. (Figure 2) Use bone folder to crease folds.
- Place one folded card on flat surface with small folds to the right side. Attach scored wiper strip to 2nd section of card (Figure 1) by lining top left corner of score mark with top edge of middle section 2. The wiper strip is placed correctly if the strip folds down and to the right.
- Lay 2nd card down on flat surface with small folds to the right (figure 1). Lay 1st card, wiper side down, on top of 2nd card (wiper will be in between cards) and using redline or white sticky tape adhere cards together. Tape 1st sections of each card (figures 1 & 2) to the edge of each 3rd section, matching edges. All 4 edges of 1st section should be taped down. When grabbing each taped end and pulling outward, the wiper strip should move up exposing the top of the strip.
- Stamp 3-3/4" X 1" card stock with a stamp and sentiment using black ink
- Stamp image onto 2X2" card stock with black ink, color stamped image and cut out or punch out stamped image.
- Close card so wiper is to the left side and hidden. Assemble layers of card stock. Using edge punch on the 4" side of 4 X 1-1/2" card stock
- Assemble 2 panels (section 1 and 2 ) layering card stock.
- Adhere image to 1" circle. Making your image 3-D with layers image works well.
- Attach 1" circle with image to top of wiper strip. Your card is complete.
